

Link Connection Rope Lanyard

ZI 13023

Link connection Rope Lanyard : ZI 13023

Linking the user to protection and bridging the missing gaps. 'ZI' offers a wide variety of polyamide rope and webbing lanyards to be used as a connecting element or component of an arrest system. All link connecting rope lanyards are made up to 12mm dia, 3 strand polyamide rope. The splices are protected with a sleeve. The length of lanyard is always measured from one load bearing point to other load bearing point in an unloaded but taut condition.
