Well Camera - 1 ZI 10013

Standards:

Specification:

Taking advantage of our vast experience in designing and manufacturing TV-inspection systems for boreholes and wells, we created the innovative WELL-CAMERA Series that follows all our Customer' requests about an easy use, reliable, compact and lightweight instrument for field operations.

The complete system consist of: reel and camera head, display unit with integrated LCD, USB2 grabber board and microphone, battery charger. Pictures, movies and comments can be saved to any external laptop.

12V internal battery power supply; possibility to be connected also to any external 12V battery.

The 120° wideangle view allows the use of WELL-CAMERA to evaluate the status of the filtering columns inside freshwater wells. A 90° View Option is also available, together with its centering device.

MAIN TECHNICAL FEATURES

- Internal 12V rechargeable battery / external 12V battery connecting cable
- Camera head waterproof up to 35 bar (approx. 350m of freshwater column)
- Wide angle lens 120° - available 90° view option

- Integrated monitor 7" TFT LCD
- 6x high intensity LED, with regulation knob
- Integrated audio/video grabber board USB2 for recording on external PC
- Available lengths: 50m, 100m, 200m, 3000m, 400m, 500m.
